CHARITY MAY NOT ALWAYS BEGIN AT HOME, but maybe it all depends on where the home is. This week in Hondo, a man and woman quietly parked this four-holer late model Buick on a side street. The white-sidewall tires and air conditioning on the car would seem to indicate that their business is reasonably profitable, and the comfortable house trailer provides most all the comforts of home even though they may be away a lot.

Garden Club Wins Award

The Hondo Garden Club has once again been recognized for its beautification project.

This time it is an award from District VII, Texas Garden Clubs and was announced at the district convention held in Corpus Christi over the weekend. Hondo and two other garden clubs were recognized for their work in either beautification work or litter bug campaigns.

The award was made on the basis of a scrapbook submitted to the district office describing the work in detail and included pictures of the railroad parks and many Anvil Herald clippings telling of the work done.

A big district, Number VII includes garden clubs of all cities from Kerrville to the Rio Grande Valley.

★ Visit Public Schools Next Week

The Hondo Public Schools will observe Public School Week by inviting all parents, school patrons and other interested people to visit the schools during the week. The rooms will be in "working order," and no special effort will be made to entertain visitors. No special programs are planned.

The object of Public School Week is to show the public just what the schools are doing, and it is hoped that all parents will visit the schools and watch a part of a normal day of instruction. Visitors will be tagged with a ribbon stating, "I Have Visited the Public Schools," and visiting parents will be asked to register in the rooms where they have children.

John Cape resigned his position as president of Texas Aviation Industries Saturday, and H. B. Zachry has succeeded him in that office, Zachry stated Tuesday. TAI operates Hondo Air Base.

Following the personnel change, The Anvil Herald was told by Mr. Zachry that until such time as a new general manager can be employed, executive management will be handled by a committee composed of C. D. Hollis, W. P. Parker and W. E. Schlesinger, with Ernest Dodd serving as secretary of the executive committee.

Mr. Zachry said also that Paul Bybee had been asked to temporarily resign his position as vice-president, but without any prejudice or reflection on his ability, so that there will be an opening for the yet-to-be-selected general manager of the school.

Mr. Bybee will continue as director of maintenance, and Zachry said emphatically that he wanted it understood that he was well pleased with Bybee's work. The action was necessary, according to Zachry, so that the new general manager could have a place to start, since it would not be practical to place the incoming manager in the top position.

Two Businesses Hold Open House Saturday, Mar. 3

Open house will be held Saturday at two businesses in Hondo. Bob Kollman, back at his old location on Avenue K, is opening a garage with an open house Saturday. There will be gifts, favors and refreshments for those attending and he will have a professional entertainer on hand for two hours during the afternoon. Visitors are welcome from 10 a. m. to 5 p. m.

Grady Smith will give an orchid to every lady attending the open house at his remodeled service station on Highway 90 Saturday and says there will be favors for all the family.

Officers Named For County Cancer Society

The executive committee of the Medina County Cancer Society met last week with Mrs. Frank Vance, County Chairman, presiding.

The following officers were named for the current year: Mrs. Frank Vance, County Chairman; Mrs. Joe Briscoe, Vice-Chairman; Mrs. Jake Schuehle, Crusade Chairman; Mrs. Riggs Shepherd, Secretary; O. J. Bombardier, Treasurer; Dr. Hermann, Medical Advisor; Mrs. Joe Schott, Nurse's Committee; Mrs. D. V. Streetman, Women's Organizations; and W. S. Porter, Labor Relations.

Captains and assistants in the various towns of the county are to be named later. Anyone interested in the work of the American Cancer Society may get in touch with any of the officers for further information.

ATTEND HOLMES FUNERAL AT LEAKEY SATURDAY

Those from Hondo who attended the funeral of W. N. Holmes at Leakey Saturday were Mrs. Callie Bendele, M&M H. S. H. Bulgerin, Mrs. Ben Oefinger, Mrs. Mamie Mumme, M&M Charlie Balzen, M&M Calvin Balzen, Mrs. Amanda Muennink, M&M Marvin Muennink and Mrs. Robert J. Schulte.

Mr. Holmes died Thursday of a heart attack. Mrs. Holmes was a former Hondo resident.

Presidents Recognized At PTA Meet

Nine former presidents of Hondo Parent Teacher Association were honored Tuesday night at a meeting of the elementary school PTA.

Participating in a Founders Day observance and a candle-lighting ceremony were Mrs. O. A. Fly, Mrs. M. F. Schweers, Mrs. Bruno Schweers, Mrs. Earl Starnes, Mrs. E. G. Pope, Mrs. H. S. Browning, Mrs. Charles Tondre, Mrs. Fritz Leinweber and Mrs. Barnitz Carle.

Sgt. Claud Davison of Hondo Air Base sang two selections. He was accompanied at the piano by Mrs. H. B. Eggen.

Mrs. Jack Sharp's fourth grade class won the room count and was awarded three dollars. A nominating committee consisting of Mrs. Sam Huston, Mrs. W. T. Hardy and Mrs. Charles Tondre was elected.

The organization agreed to cooperate with the Lions Club in the medical inspection of school children scheduled for March 21. Mrs. Paul Bybee, president of the club, stated that many members would need to volunteer service for the carrying out of the inspection.

A silver tea was held in the gymnasium following the business meeting.

8 MEN NAMED AS SCOUT OFFICERS

Eight new committeemen were chosen for troop 159, Boy Scouts of America, at a meeting in Lions Club hall Wednesday night, Feb. 22.

Troop 159, sponsored by the Lions Club of Hondo, meets at their club house on the air base on Monday nights at 7:30 with scoutmaster, Jean Ulbrich.

New committeemen are: Dr. E. B. Vincent, chairman; Warrant Officer Glyn O. Downey, secretary and treasurer; Leon N. Kilmer, property man; George J. Bendele and G. J. Brucks, advancement men; W. T. Hardy and Clyde Jackson, outdoorsmen; and J. K. Hamby, publicity man.

The committee will set aside one meeting night a month for Board of Review night and all scouts who are ready to advance will be reviewed.

CASTRO BAND MAKES FIRST APPEARANCE

The Castroville Band Boosters held their regular monthly meeting Monday night Feb. 27, at which time Band Master Bill Fodtjik and the school band made their first public appearance.

The selections played were: America, Lightly Row, Abide With Me, There's Music in the Air, Du Du Liebst Mir in Herten, Little Annie Rooney and Playells Hymn.

A committee from LaCoste met with the Castroville Club to discuss the St. Mary's Band of San Antonio, Texas Concert which will be held in the gymnasium at LaCoste, March 12 at 8 p. m. This band has played in the Rose Bowl and toured through many states.

\$449 was realized from the Gay 90's Revue. Profits will go towards purchasing instruments for the band.

County Cities Get Good Insurance Rating Again

Hondo insurance buyers will continue to get their present 25 percent deduction on fire insurance rates on policies written or renewed after April 1.

This 25 percent is the maximum rate reduction a city can earn by having low fire losses and speaks well for Hondo's Voluntary Fire Department.

Both Devine and Castroville will continue to have the 25 percent discount also.

Livestock Show Committee To Meet Mar. 12

The annual meeting of the Medina County Junior Livestock Show will be held in the District Courtroom at the Courthouse in Hondo on Monday, March 12, 1956 at 8 p. m.

The purpose of the meeting is to hear the report of the Hondo Show and to elect directors to serve for the show year 1956-57.

The location for the 1957 show will be decided at this meeting.

Last Call For Calf Tickets

By Dr. John H. Jennings

The Hondo Summer Recreation Calf will be given away Saturday noon on the Square in front of the Courthouse and Post Office.

The Dry Lot Champion Calf will be on display downtown Friday and Saturday with numbered tickets given for each \$1.00 donation. Texas Aviation Industries donated the calf to the Summer Program and a sizeable sum of money should be raised from the sale of tickets.

The need for a summer program has been established and the need of money to run the program is just as evident. Everyone is requested to buy a ticket, or tickets, and at the same time they may be rewarded for their good deed and interest with a valuable champion calf.

The help of everyone interested in the youth of the Hondo area is needed in this financial drive. The cause is a good one and funds will be raised locally, then spent locally for equipment and a salaried Director who in turn will spend the salary locally. So no one loses. The money stays in the Hondo area and the profit is a planned Summer Program actually obtained for free.

Turn In Tickets
All ticket sellers are requested to turn in stubs as soon as sales are completed. The stub box is located over at the calf pen on 18th Street in back of the depot.

DEVINE BAND ELECTS SWEETHEART, BEAU

The Devine Band members elected Miss Doris Ann Conrad as their Sweetheart and Jerry Thomas was elected Band Beau. Both students are Seniors and active members of the band.

Miss Conrad is the daughter of Mr. and Mrs. Frank Conrad of Devine. Jerry is the son of Mr. and Mrs. C. Thomas.

Three Speakers Scheduled For B & PW Career Night

The Hondo Business and Professional Women's Club is presenting its fifth annual observance of Career Night, Monday night, Mar. 5th. Guests of the organization for the evening will be high school girls of Hondo and neighboring towns, Miss Thelma Lynch, chairman of the program, has revealed.

Each year the club invites women who have gone far in their respective careers to speak to the high school group about opportunities in their particular business or profession.

This year Miss Lynch has secured three speakers. One will be Miss Rita M. Connolly of Ingram who has held high positions in motion picture work, the theatre, radio, television, insurance and real estate. She is the only woman ever to direct the San Antonio Little Theatre and has been an assistant director at a motion picture studio in Holly-

wood. She has served as head of the dramatic arts department of Davis College of Los Angeles, has taught classes in drama and has worked with New York Broadway productions.

In 1948 Miss Connolly returned to Texas and established an insurance agency in Ingram in partnership with Elsie Roth. President of the Hill Country Business and Professional Women's Club, Miss Connolly is also a director of the Three Hills Youth Club.

Another of the guest speakers will be Mrs. Marjory Schott, county health nurse of Medina County.

A graduate nurse from the Santa Rosa School of Nursing, Mrs. Schott completed her studies there in 1945. She is the wife of Capt. Richard Schott and they have one child, She is living in Castroville, but her work

as county nurse takes her to all parts of the county.

The county home demonstration agent, Mrs. Estella Strayhorn, is another of the speakers scheduled for Career Night. She has served as Medina County H. D. agent since 1952. A homemaker graduate from the University of Texas, Mrs. Strayhorn maintains an office in Hondo and works with nine home demonstration clubs, ten girls 4-H clubs and the councils of each. Her husband is Charles W. Strayhorn, a civil engineer with the State Highway department in Bexar County.

The Strayhorns reside in Castroville. Career Night is presented by the Education and Vocations committee of the Hondo Business and Professional Women's Club. The meeting Monday night is to be in the high school cafeteria beginning at 8 p. m.

KILGORE'S CAPITOL COMMENTS

CONFUSION STILL REIGNS... call from a high government official meant for San Antonio's Rep. Paul Kilday was routed to me by mistake a few days ago. He thought he was talking to Congressman Kilday and I didn't know what he was talking about. Finally I asked him if he didn't want Kilday of Texas instead of Kilgore of Texas. He said, "That's right, Senator, I appreciate your straightening me out. I'll come by to see you some time." If I were a betting man, three would get you five that Senator Harley Kilgore of West Virginia will be just as confused as I was when the man goes by to thank him.

SOURCE OF CONTINUING CONCERN... to me is the plight of many South Texas ranchers in the severely stricken drought areas. So far, we have made no progress for their relief beyond the emergency feed program and some loan credits. However, I will not cease trying to convince the Department of Agriculture that a new approach is needed.

HEARINGS... of the Military Operations Subcommittee into the defensive and offensive strength of the nation will continue this Friday and Saturday at Patrick Air Force Base. I will leave here this evening with the other members of the subcommittee for the Florida air base for a look into the nation's missile program. We are pushing these hearings almost around the clock to get the information we need on Civil Defense. I am daily more convinced of the importance of this work.

SITTING IN THE HOUSE CHAMBER... yesterday listening to the reading of George Washington's Farewell Address to the citizens of the nation in 1796, I was particularly impressed with one paragraph as timely now as when it was spoken as Washington left the Presidency. Along about the middle of his speech, Washington said: "As a very important source of strength and security, cherish public credit. One method of preserving it is to use it as sparingly as possible, avoiding occasions of expense by cultivating peace, but remembering, also, that timely disbursements to prepare for danger, frequently prevent much greater disbursements to repel it; avoiding likewise the accumulation of debt, not only by shunning occasions of expense, but by vigorous exertions, in time of peace, to discharge the debts which unavoidable wars may have occasioned, not ungenerously throwing upon posterity the burden which we ourselves ought to bear." It might not be a bad idea to read that to the Congress every few days.

A CONTRACT... was awarded recently for construction of additional facilities at the Laredo Test Site at a cost of \$421,133.25, according to the Corps of Engineers. Bids have been received and were to have been opened last week on construction of a supply gas main for the Test Site at a preliminary cost estimate of near \$100,000. Meanwhile the Corps of Engineers has opened bids on construction of an Aircraft & Warning Station at Zapata, with bids ranging from about \$800,000 to almost \$1 million. Bids were also to be opened this past week for an identical radar station at Eagle Pass.

A GOOD RAIN... in South Texas is not as common as we would like it and sometimes when we do have a rain shower it is not uncommon to find the sun shining at the same time. I'm used to that. But it was sure a jolt to me here this week to find it snowing furiously for a few minutes while the sun shone.

COUNTY AGENT NEWS

By C. B. Gaston

Several inquiries have been received recently about the advisability of making plans to store feed produced this year in a trench silo. There are several in operation in the county and those using them find that a good quality of feed cannot be put up as cheaply as in a trench silo. Results compiled over the state list the average cost of putting feed in a trench silo to average \$4.50 per ton which includes the cost of digging the trench. There are very few places in the county where an ideal location cannot be found which will hold down the cost of filling, reduce the labor in getting the feed out and furnish a satisfactory drain.

In case a trench silo is in your plans for 1956, provision should be made for planting a crop to be stored in the silo. Two forage sorghums, Atlas Sargo and Hihagari, have been tried in the past and have proven very satisfactory. There will be two test plots in the county with these two varieties and three others for observation. The other varieties are Sart, Tracy, and Honey which might prove very good in this area.

Cut Ants

During the past month or six weeks several demonstrations were given on the control of cut ants. The poison used was methyl bromide which is highly recommended by entomologists. Nests that were treated have shown excellent results and it appears that most are completely killed out. A special applicator is used in applying the methyl bromide and the one in the county agent's office is available for use by the public.

Clover In Lawns

Attention was called to persons being bothered with bur-clover in the lawns. It was recommended that lawns having this pest could be sprayed with 2,4-D and kill the clover before a new seed crop could be produced. Many places could still be treated in time to prevent much of the clover in 1957 if treated in the near future.

Worthless Trees Take Water

A mesquite tree requires about 2,000 pounds of water to produce a pound of leaves and bark while 800 pounds of the precious liquid will produce a pound of cotton or 600 pounds a pound of grass. Worthless trees along field fences will rob crops of moisture at least fifty feet out in the fields. To stop this loss of vital soil moisture and nutrients, a one-quart mixture of 2.4,5-T and 10 gallons of diesel oil should be sprayed around the base of the tree. If oaks and other hardwoods are to be treated, a stronger solution is required, such as one quart of 2,4,5-T to 6 gallons of oil.

H. D. Club News

By Mrs. Estella Strayhorn
National 4-H Club Week is March 3 to 11 and has so been designated for Texas by Governor Shivers. 4-Hers will hold meetings, parties put up exhibits and work on dresses and Share-the-Fun festivals for April 14. Medina County will end the week with the 4-H joint council meeting at LaCoste on Saturday, March 10 at 10:00 a.m.

Dirt In Your Home?

And who hasn't? Here's a solution that will cut greasy film and make your windows sparkle. Take 6 quarts of warm water, add 1/4 cup household ammonia and 1/2 cup of white vinegar. Apply with a sponge, rinse and polish with a chamois or pieces of an old sheet. The vinegar and ammonia will cut the dust and film on the windows.

Use Rice?

Use rice more often—it combines well with fish, milk, cheese, eggs, vegetables and fruits. It can be used in many ways—as a main dish, in soups and salads, or as a dessert.

Recreation School

Thirty-three H. D. leaders and 4-H adult leaders from Biry, Castroville, Devine, LaCoste, Leinweber, Murphy, Natalia, Mico, Rio Medina, Yancey and Hondo attended the recreation training school in Devine. Leaders teaching the school were Mesdames J. J. Heisser, Floyd Cole, Wendell Griggs, D. G. Odum, and D. E. Hunter. As the H. D. Clubs meet during March 6-22, recreation demonstrations and training will be given to all the members. Clothing leaders will be trained for their first demonstration March 12 at 2:00 in the Hondo Court-house.

HD CLUB DOINGS

The Yancey H. D. Club met Feb. 14 at 10 a.m. at the home of Mrs. Harrison Wilson with five members present. After the business meeting lunch was served to members and the Agent, Mrs. Strayhorn.

After lunch, Mrs. Strayhorn gave a demonstration on "One Step Method of Saving Food."

Here In Hondo

Miss Ethel Thompson returned Friday from a long visit with her grandparents, the D. A. Blessingames of North Little Rock, Ark. Mr. and Mrs. Blessingame accompanied their granddaughter to Hondo and will remain for a three-week visit.

M&M H. R. Burch drove to Sinton Sunday for a visit with Mr. Burch's brother and family.

When The Fire Whistle Blows...

FRITZ LEINWEBER WITH PORTABLE EXTINGUISHER

The Anvil Herald is presenting this public service feature as a tribute to our excellent Volunteer Fire Department.

A member of the Hondo Volunteer Fire Department since 1938, Fritz Leinweber feels he knows what he is talking about when he avers that it is one of the best volunteer departments anywhere.

"Of course, I may be a little bit prejudiced since I've lived here all my life," he grinned, "but having observed other places, I still rate the Hondo VFD pretty high."

Fritz is maintenance superintendent for Medina Electric Cooperative and is out of town a good part of the time during the day, but whenever he is in hearing distance of the fire siren, he is quick to answer the summons.

His wife, Naomi, might argue the point about his being quick. According to Fritz, Naomi thinks he is much too slow when the fire whistle blows. His daughter, Dorothy, now attending college, used to share her mother's views!

"I guess nearly everything has been said about the VFD by the other firemen," Fritz commented, "but I believe that a little more emphasis can be put on the clean-paint-fix-up week that will soon be taking place in Hondo."

As a fireman, Fritz said he could appreciate the benefits to be realized from a cleaner town but especially from cleaned out attics, garages, barns and storage places. Fires have a way of starting in these little frequented places, and usually because an accumulation of all kinds of materials, including combusti-

bles, are thrown into the same space.

"Another way of looking at this clean-up campaign that the chamber of commerce usually puts on," he continued, "is that big businesses have 'site seekers' on the lookout for future locations with an eye to expansion. A clean, orderly town with a low fire risk, is an excellent way of getting attention."

Fritz commented that the VFD would probably pitch in and give a big hand in the clean-up campaign since it will have a three-fold purpose—a safer and cleaner town with more eye appeal for big business.

Court Approves Use Of Machinery; Selects Election Officials For 1956

Meeting in regular session on Feb. 13th, members of the Medina County Commissioners Court acted on many different matters.

Use Of Machinery

Having previously agreed that citizens of the county might use road machinery when it is not in use for county purposes, the court reviewed and approved the applications of seven men. They are: Audie Vee McCrea, Dan Biediger, M. F. Schweers, Sylvan C. Stein, Ben J. Nitsch, Wilson Greenman and Harold Stiegler. In each case the machinery was requested for use in terracing and ditch work.

County aide to Manuel Lara in the amount of \$10 per month was granted by the court, beginning the current month and continuing until further order of the group.

Castroville Appliance and Plumbing Company, with a bid of \$224.40 won the bid to improve the Castroville Jail.

The court reviewed the incorporation election held in January in Natalia and consolidation of schools election of Natalia and Devine in February. Both were defeated.

The Tax Assessor Collector requested an increase in pay for the chief deputy in his office. The court voted unanimously for a five percent increase of \$3250 effective as of Jan. 1, 1956.

A plat of the Walter J. Saathoff Addition to Hondo was presented to the men. It was approved and ordered placed on record.

The commissioners agreed to finance up to \$50 on the installation of a radio in the car of D. M. O'Connell, county civil defense director.

The court voted to let money derived from the sale of automobile license tags to students at the air base and other more or less temporary residents of the base be credited to Precinct 1 road funds.

Election Judges Named

This being a national election year, election judges for the various polling places over the county were named. The list follows and in each case the first named person is to serve as presiding judge: Precinct 1, at Hondo

Court House, V. P. King, H. H. Decker, F. A. Martin and George Koch; Precinct 2 at Quili Schoolhouse, A. H. Road Warrants

The court reviewed the issuance of some county road and bridge warrants of 1954. A tax has been levied sufficient to cover said warrants, which were issued for the purpose of paying

claims incurred in the purchase of right of way of county roads, and a claim in the amount of \$10,781.60 was found valid and was transferred and assigned to the First of Texas Corporation, San Antonio.

Why Use 'Harrison'? Here Is The Answer

What's in a telephone name? Many Hondo people have wondered how the name "Harrison" was picked for the city's dial telephone central office.

For the answers to why and how such telephone names are chosen, we called on Claude Lovett, manager for Southwestern Bell Telephone Company.

From his explanation it is apparent that the name didn't "just happen." In fact, there's more to this question of "what's in a telephone name?" than you can twirl a dial at.

Nowadays, we learned, telephone exchange names must meet very exacting requirements. One of the first tests is ease of spelling of the first few letters in the name. For another, the long distance operator on the distant end of calls must be able to readily identify and recognize the telephone exchange name that is passed to her. Thirdly, and most important, the exchange names assigned must jibe with the requirements of the rapidly expanding nationwide operator long distance dialing network. Hondo joined this network on February 5.

As for spelling of the central office names, consider the name "Schuyler." That's pronounced "Skyler," and, of course, everybody knows that s-k-y spells sky. But a telephone dial does not recognize spelling as such. The dial equipment functions on dial impulses, or signals, sent by the telephone dial as it makes its little "clicks" on each return spin after the windup. On the dial, s-c-h is the same as 7-2-4. The letters s-k-y are the same as 7-5-9. So, if you are trying to get the number Schuyler 2-3499 in Walla Walla . . . well, you can see what might happen.

Then take the matter of recognition. Just suppose you have a friend in Cucamonga, California whose telephone number is Owen 2-1234. Just say that over to yourself and you'll find that it sounds an awful lot like -1-2-1-2-3-4.

In recent years, considerable improvement has been made in selecting telephone exchange names that are as error-free as possible. This has been of increasing importance since the advent of long distance dialing.

Under this system, the United States and Canada have been divided up into a number of "calling areas." Each area is assigned an "area calling code number." For example, Hondo is in one of five calling areas in Texas. The calling code for this area is the three-numeral code 5-1-2.

The objective is for all dial cities to have two letters and five numerals in the telephone numbers. These numbers, in combination with the area calling code, will give almost everyone in the country a "national" telephone number consisting of ten pulls of the dial. In effect, everyone will have a national telephone number not duplicated

anywhere in the United States or Canada.

To make it work out faster and better, telephone engineers—after some years of field trials—have come up with a basic list of about 10 telephone exchange names from which selections may be made for use as needed in various cities. The first three letters of the name chosen must fit the dial equipment requirements of the central office involved . . . so the choices cannot be made at random. Hondo's "Harrison" telephone exchange name came from this list.

In use, the "2-5" numbering plan works like this: Suppose you have the telephone number Harrison 6-4599. Now add the long distance dialing area code number, 5-1-2. Your national telephone number becomes 5-1-2-H-A-6-4-5-9-9.

So long as the central office prefix "Harrison 6" is not repeated in the 5-1-2 calling area, you have a telephone number that is different from everyone else's in the whole country.

And that's how it works. The prefix "Harrison 6" will not be used anywhere else in the 5-1-2 calling area. However, the same telephone number Harrison 4-4599 can be reused in, say, Houston— which is in the 7-1-3 calling area. The Houston subscriber's national telephone number would be 7-1-3-H-A-4-4-5-9-9. See how it works out? In the years to come, the same basic list of exchange names will be used throughout the whole country.

PAGING THE LADIES

Miss McBride, Mike Lanham Marry Thursday In Waco

Miss Joan McBride became the bride of Mr. Howard Mitchell Lanham in a ceremony Thursday afternoon at St. Paul's Episcopal Church in Waco. Only members of the immediate families were present for the wedding.

Mr. and Mrs. Gerald Crews McBride, 3725 MacArthur Drive are parents of the bride. She will be graduated in June from Baylor as will her bridegroom. She won the 1955 art award at Baylor and is affiliated with Athenian Club. She has also attended the University of Arizona.

The bridegroom, son of Mr. and Mrs. Samuel W. T. Lanham, Hondo, Texas, is a graduate of Schreiner Institute at Kerrville, Texas. Mr. Lanham belongs to the Esquire Social Club and Arnold Society and is in the AF R O T C.

Wedding vows were exchanged before the Rev. Sullivan Bond. Music was presented by Mrs. Tom Kee. Mr. McBride gave his daughter in marriage.

The bride chose a gown of pure silk with a full skirt and a train of blue and white tulle. The figure was designed with a delicate neckline outlined in

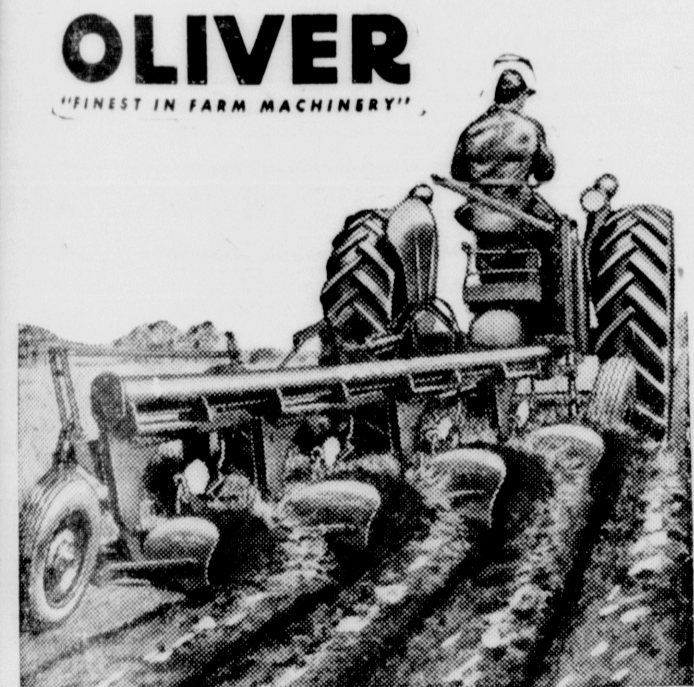

lace; the short sleeves were complimented with gauntlets. The very bouffant length skirt was detailed at the hip line with lace medallions. Her triple illusion veil fell from a shell cap of matching lace studded in seed pearls. She carried a bouquet of fleur d' amour roses and valley lilies.

Miss Dorothy Reed was in attendance as maid of honor. Miss Sara Lou Graves served as bridesmaid. The attendants wore identical frocks of bluish taffeta and self-colored lace. The bateau necklines were formed of lace, the sleeves were short. The princess lines of the dresses flowed into bouffant waltz length skirts. Matching headresses were plaques with circular veils. They carried cascade bouquets of pink camellias.

Sam Lanham was best man for his brother, Jim McBride, brother of the bride, was groomsman.

A wedding reception followed the ceremony at the bride's home.

After a brief wedding trip, the couple will be at home at 2000 Columbus in Waco.

Pocket 44¢ every hour!

That's the sort of fuel savings you can make with an Oliver diesel, doing this kind of work. Here's how it figures:

Pulling four bottoms, a gasoline tractor will burn some four gallons an hour. The Oliver diesel, about two and a half. What's gas worth where you live? And diesel fuel? At average prices, the saving comes to 44¢ an hour. With you, it might be less, it might be more—a saving of two-thirds the fuel cost is not unusual.

Size? Name it! Oliver—and only Oliver—offers you dollar-saving diesel power in six wheel tractor sizes. And remember, your Oliver diesel requires no extra engine for starting. No special fuel. Just step on the starter and go to work.

Mrs. Filleman Celebrates 84th Birthday Sunday

Mrs. Charles Filleman celebrated her 84th birthday Sunday with a birthday dinner attended by her family.

Present were Mr. and Mrs. Herman Filleman of Floresville, Mr. and Mrs. Oscar Filleman of San Angelo, Mrs. Barbara Snelgelo, Mr. and Mrs. Richard Schultze and daughters, Betty and Karen of San Antonio, Mr. and Mrs. Bob Begeman and children, Mary Pat and Bobby of San Antonio, Mr. and Mrs. Ed Ney, Mr. and Mrs. Felix Richter and Mr. Harry Filleman of Hondo.

Surprise Birthday Party Given Jimmie Leazenby

A surprise birthday party complimented Jimmie Leazenby, high school star basketball player, at the Air Base Club on February 24, by his parents.

The basketball motif was used throughout in decorating. The cake was a basketball court with backboards.

A juke box dance was enjoyed by the guests and a secret moving picture was taken of the party.

Mrs. Marion Davidson served punch and Mrs. Julian Carr served cake.

Guests were Misses Joylene Tilley, Connie Schweers, Roxene Schweers, Linda Harris, Barbara Brucks, Mary Frances Ulbrich, Sara Moore, Susie Modesette, Bonnie Patterson, Virginia Clements, Dolores Shelton, Sue Leazenby, Barbara Carr, Clyde Bohmfalk, Butch Woods, Johnny Windrow, Ray Highsmith, Parker Meyer, Mike Ball, Louie Lassiter, Tommy Zuberbuehler, Jimmie Timmerman and Clyde Orr of Dallas.

Other guests were Mrs. Ezra T. Brown of Dallas, Mr. and Mrs. Marion B. Davidson, Mr. and Mrs. Julian Carr.

Sodality To Elect Mother Of Month

St. John's Sodality met Monday evening at 7:30 with 17 members present. The meeting was opened with a prayer led by Father Carlyton.

The youths made plans to elect a Mother of the Month for May. They will receive communion in a body with their mothers on Mother's Day, and the Mother of the Month will be presented at a breakfast immediately following the Mass.

Plans were also made to attend the annual meeting at Our Lady of the Lake College this Sunday.

The organization will soon start plans for the Castroville Deanery Meeting which will be held in Hondo the first Sunday in May.

MARY ZUBERBUELER FETED ON BIRTHDAY

Mary Zuberbuehler was honored with a birthday party on Feb. 17 by her mother, Mrs. Robert Zuberbuehler. Her cake was iced in pink with "Happy Birthday Mary" inscribed on it in white and it held six candles.

Games were played. Refreshments consisting of cup cakes, ice cream and punch were served to about 20 little guests. Flags were plate favors.

The organization will meet in the auditorium for their regular monthly meeting.

Sadler Sleeps Car Wrecked

By Mrs. E. R. Littleton

DEVINE — We almost could sing "Little Andy Play on your harp" after Andy Sadler took a short snooze at the wheel of his car last Wednesday morning.

Andy and wife, Rose were returning from the basketball game at Harlandale when Andy went to sleep and lost control of his car. Think both Andy and Rose will make it, but that Ford is in pitiful shape.

By the way we lost that bi-district basketball game to South San.

Miss Jerrine Holden, bride-elect of Clyde Neuman, was complimented with a miscellaneous shower on Thursday night at the home of Mrs. Ruth Allen.

Guests of M&M Fred Parker is Mrs. Parker's sister, Mrs. Ruth Michels, of Hollywood, Calif. Mrs. Parker, assisted by her daughter-in-law, Mrs. Tom Parker, will honor Mrs. Michels at luncheon in her home on Thursday.

People like an attractive church. They like a beautiful building, with beautiful windows and beautiful appointments. They like beautiful flowers on the altar and beautiful music in the service.

But a church can have all these and still not be attractive to people. Unless it has a warm, friendly spirit, rooted and grounded in a significant faith; it will not keep the individuals who come to its sanctuary seeking comfort and strength.

The attractive church is one which: Makes itself known in the community because it knows the community; makes every person feel at home; offers every person a job to do; helps every person to grow in his spiritual life; knows when any person is sick or in trouble; and inspires its members to win souls for God.

Great music, great preaching, even great crowds are not enough to make a church attractive. Attractiveness results from great concern that grows naturally out of great friendships.

4-Door Hardtops?

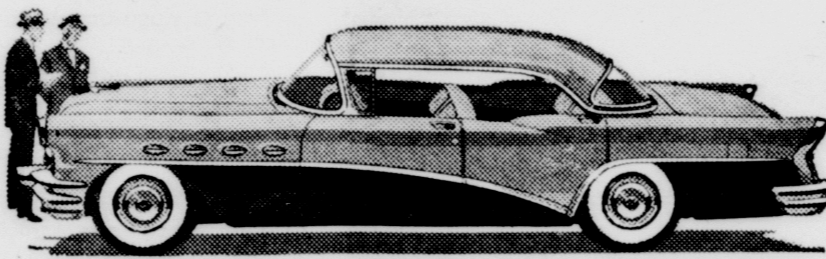

ROADMASTER 4-Door Riviera—custom-built by Buick

BEST CHOICE YET

THE SUPER 4-Door Riviera, Model 53—Buick's extra-spacious medium-price buy

THE CENTURY 4-Door Riviera, Model 63—Buick's top power buy

THE SPECIAL 4-Door Riviera, Model 43—Buick's biggest buy in the low-price field

Big news in hardtops these days is the 4-door model. And the biggest news of all is Buick's 4-Door Riviera. Ever since its introduction, this Buick hardtop has taken the country by storm.

But the newest note about this newest of models is the price choice Buick offers you. Now you can have this much-wanted model in four different price series—and that's a choice you'll get nowhere else.

Now you can have the 4-Door Riviera in the custom-built ROADMASTER, the extra-spacious SUPER, the supremely-powered CENTURY, or the bedrock-priced SPECIAL.

What follows from there? Plenty—really plenty.

For in every 1956 Buick there's a wealth of thrills—a spirited gait—a trim maneuverability—a sheer enchantment in styling.

In power, it's a pistol. Every Buick packs a 322-cubic-inch V8 engine—with Buick's highest horsepower and compression ratios yet.

In take-off, it's trigger quick. A new Variable Pitch Dynaflo* betters the best Buick getaway on record—with instantaneous response at the very first inch of pedal pressure.

In emergency, it's double-barreled—with that new Dynaflo changing to full-power safety-surge acceleration the instant you floor the pedal and switch the pitch.

And in roominess, in luxury, in handling ease, in ride steadiness, in directional sense—you'll discover a literal truth:

This is the best Buick yet.

Youth Meet Held At Castroville
 The quarterly Catholic Youth Rally of the Castroville Deanery was held recently at Koenig Hall in Castroville. After the president, Joe Langfeld, had called meeting to order, Father Leo Goertz welcomed the group to Castroville. Chairmen of the various committees were announced and each gave his or her report. The new chairmen are: Miss Roselyn Kellier of Castroville, Spiritual Committee; Miss Ann Langfeld of D'Hanis, Cultural Committee; David Rihn of Devine, Social Committee; and Bob Taylor of Hondo, Physical Committee.

Father Meurer gave a talk on "Dating". After the business part of the meeting, the group, which consisted of over 130 delegates from throughout Medina and Frio counties, were entertained by a "Beat the Clock" program presented by the Castroville C. Y. O. Refreshments were served.

An Interesting Year for Texas

THE YEAR OF 1956 PROMISES TO BE an interesting one, and a busy one for Texans. We are to elect an entire new slate of officials from the Governor on down to the smallest precinct, with the exception of those who do not have to run this year.

EVENTS IN TEXAS DURING THE LAST YEAR emphatically pinpoint the necessity of the people of Texas taking a greater interest in their government and the officials they select to run that government. First we have the Veterans Land Board scandal, and now we have the insurance debacle. Blame for these incidents has been placed in many places; however, a certain amount of the blame lies with the citizens themselves, (you and I) for by our lethargy and apathy we haven't been discerning enough in our selection of officials to carry on our business.

THE LEGISLATURE OF TEXAS CAN WELL BE LIKENED to the Board of Directors of any large corporation. To their wisdom and in their hands we place almost unlimited power to govern us, and their decisions within certain limits are final as to how our tax money is collected and spent. They also have a mandate from the people to enact such laws and regulations, as will protect each citizen from being robbed and plundered in his transactions with his fellow man. Many Texans today are wondering and worrying who is to run for Governor or who is to be Governor, when they should be much more concerned as to whom they will vote for to represent them in the next Legislature. This is also true of your County Commissioners Courts, your City Councils, your School Boards, etc.

THIS RECORD OF INCOMPETENCE AND DISHONESTY in the high places of our government is not one that we can be proud of, and the sooner the weight of public opinion is brought to bear upon those whose duty it is to clear up this state of affairs the better. We will either wash our own dirty linen or others will do it for us, and we won't like that result either.

TEXANS THIS YEAR WILL HAVE MANY ISSUES and many questions to solve. Among them is water conservation. Every day that goes by without rain accentuates this matter. We are to vote upon the question of adding Eleven more Constitutional Amendment patches to our State Constitution. "The Cavness Proposal" relating to the permanent School Fund and the University of Texas Permanent Fund will doubtless be one of the outstanding issues with the candidates for State offices.

IT IS NO SECRET THAT STRONG FORCES are now at work on plans for greatly enlarged appropriations for several state agencies for the next biennium. If they are successful it means additional tax revenue.

THIS ALL ADDS UP TO THE FACT that Texans must take a more active part in their government, at all levels of government. The day when you can let "George" do it and protect your own interest, is over.

ALL SUCCESSFUL BUSINESSES TODAY GO to great lengths to tell their stockholders and owners, and to even greater lengths to let their employees know just how their businesses are operated. Not so, with our biggest business, the State of Texas. The press of Texas has for years tried to get adequate legislation passed making it mandatory that all agencies of government handling public money, make and publish an accounting of how this money is handled or has been handled. In their efforts in this direction, they have been hampered and sometimes accused of "drumming up" business for themselves, and this Journal suspects that many times they have been opposed by officials who would come under this rule.

THIS MAY WELL BE THE YEAR OF DECISION for Texans. Will they continue to countenance slipshod methods of handling their public affairs or will they elect men and women who will faithfully represent them in all policy making bodies? It is up to every citizen of Texas to make his or her voice heard at the ballot box — for only the weight of public opinion will bring about the much needed changes.

TELLS OF
"AN AMERICAN EMPIRE BUILDER"
HENRY CASTRO
ADVENTUROUS MEMBER OF NAPOLEON'S GUARD"

(Continued from last week)

He watched the events in the country of mustangs closely and keenly, and when on February 4, 1841, a law was passed by the Texas Legislature, permitting the President to contract with groups and individuals for the colonization of the prairies, Castro decided to become one of such Empresarios.

The word "Empresario" applied to the work of colonization, seems to be of exclusive Texian coinage. Stephen Austin was one of the earliest and most successful of them. Of the Empresarios who had contracted not with Mexico, but with the newly born Republic of Texas, Mercer, Peters and Castro were known the most and succeeded the best.

On January 15, 1842, Henry Castro signed his name to a five-year contract with Pres. Sam Houston. In accordance with its terms, the land west of San Antonio, which then was a wilderness peopled by the Comanche and Lipan Indians, came under Castro's control and into his colonization schemes. The eastern boundary of the area contracted crossed the country four miles shy of the advantageous river of Medina, and to correct this omission, Henry Castro had to buy the intervening lands from private persons, thus making the Medina the eastern border line of his miniature state.

Here was the land. Now for the people. Castro cast his practical and appreciative eye upon the sturdy and toil-loving peasants and artisans of the French Alsace and the Rhine provinces of Germany. Six years before the momentous '48 Texas was a much more troublesome region than the Rhinish shores. There was the Mexican invasion of Texas with its sanguinary battles of 1842. Yet, the Alsatians and Rhinelanders craved more space, freedom and wealth than was their lot in their old Patrie and Heimat. Above all, there was the wish for adventure, the element responsible for many a wave of migration, perhaps no less responsible than the much-talked-about economic, religious, political or what-have-you forces.

Castro published pamphlets with maps, both in French and in German, painting the Texas vistas in most alluring hues. A late historian calls Castro a "publicist of international repute". Another says that "his tastes were literary". His descriptive and arguing ability helped him to recruit his colonists easily and rapidly under most adverse conditions.

The main obstacle was presented by the resentful attitude of the French government towards Castro's plans. The ministers of Louis Philippe saw in Castro a strong competitor to their own schemes of colonizing the unruly Algiers with Alsatians. But Houston assisted Castro by appointing him the Texan Consul General in Paris. But Castro had money and determination. And on November 13, 1842, Ebro, the first ship chartered by him, sailed with 113 colonists from Havre for Texas. Then the Louis Philippe raised her anchor from the mud of Dunkirk haven, and so did the Lyons in Havre. The next May, the Jeanette left Antwerp on a like mission. All told, seven hundred pioneers, men, women and children, left for America on these five ships under the empire-building Jew's auspices. Other ships followed in the ensuing years, the last one leaving in 1846, and so accomplishing a record of 27 ships and over five thousand emigrants, or 457 single men and 485 families—ten members per each fecund family on the average.

The first town was laid out on the western bank of the Medina River and by a unanimous vote of the colonists was called Castroville. The French and German pioneers appreciated the untiring efforts of their Hebrew leader. The relations were friendly, even a bit sentimental and enthusiastic. When, shortly after the founding of Castroville, the Empresario had to leave on a brief trip to France, his charges answered his farewell address thus:

"Our best wishes accompany you on your voyage and we take this occasion to express to you our ardent desire to see you return soon among us to continue to us your paternal protection."

On his subsequent return with new pioneering parties, Castro founded the towns of Quibi, Vandenberg and D'Hanis, all west of Castroville. The settlement of these colonies was a bold step, in the opinion of one of the old Texas recorders, for the location was exposed to the attacks of bandits and degenerate Mexicans on the west and to the hostile Indians on the North.

"Castro confronted dangers unknown to the first American colonists in 1822," continues the same historian, "for besides these savages, now accustomed to the use of fire-arms, the settlement challenged inroads from the whole Rio Grande Mexican frontier, which in 1822 furnished friends and no enemies to the foreign colonies in Texas."

He calls Castro's work and achievement entitling his name "to be enrolled among the most prominent pioneers of civilization in modern times". In another old book Castro's feat is appraised as "a masterly undertaking."

SECO PHILOSOPHER WORRIED

Over New Proposal To Eliminate Paying Of U. S. Employees By Check

Editor's note: The Seco Philosopher on his Johnson grass farm is needlessly worried over an idea this week, but he'd rather worry than work any day.

Dear editor:

I never have been afraid of a new idea, doesn't make any difference if most of the new ones aren't any improvement on the old ones, but I ran across one the other night that has me worried.

According to it, there's a move on to eliminate paying government employees by check.

Under the proposed system, say a man was working for the government. Instead of being issued a check every week, he'd just be given credit at the bank. This, they say, would eliminate the tremendous job of writing checks for millions of government workers each week, would eliminate long lines at the bank, etc.

I don't know about this. About the only time actually a lot of people have any money is the interval between the minute they get their pay check and the minute they deposit it at the bank, on account of they've already written enough checks to take it up. They're not depositing money, they're covering checks.

Also, if this system worked for government employees, it wouldn't be long before it was expanded to private business, and it wouldn't be long before somebody thought of the wasted time in paying taxes by check. Just have the government, city, county, state or Federal, send a memorandum to the bank docking the tax payer for taxes due, whether property or income, and when he got his bank statement at the end of the month he could find out how much the government's take was.

This idea could also be expanded to take in grocery stores, dry-goods stores, filling stations, etc. And sending out monthly bank statements could be eliminated too. Just send out a yearly statement, and to further eliminate figures, the bank could adopt the same system schools now use, don't give exact grades, just say "Satisfactory" or "Unsatisfactory," which would indicate whether you were even or overdrawn.

As you can see, this thing can lead to the elimination of some of life's happiest moments. As far as

SPEAKING OF SPORTS

By Dr. John H. Jennings

Jerry Muennink Honored
Coach Max Carver was notified last Monday that Jerry Muennink, the Owl's star Center last season, has been chosen to play in the North-South All Star Game to be played in Lubbock next August. This is indeed a high honor for Jerry, and for the Owl's . . . for only the best boys in the state, regardless of their high school classification, are invited. I believe Jerry is only the second Owl in history to be chosen for this honor. Blanton Taylor was the other in the mid 1940's. Last year a boy from Class A Three Rivers was a game standout, and we know Jerry will make his presence known this year. Congratulations, Jerry! Hondo will sit in their yards that night and listen for you to pop the leather in Lubbock!

So, these three footballers continue to get their rewards: Richard Schulte making two All-State teams; Jerry Muennink getting All-State mention and the All-Star Honor; Pete Angermiller getting All-American mention as well as All-State mention, and all three getting college invitations and more to come.

Parsons—Brave Manager
The Veteran Harris "Possey" Parsons was elected last week as manager of the Hondo Braves for the coming Highway 90 season. Parsons is as well-known to baseball fans of this area as The Derby is to Kentucky. He began playing baseball for Hondo High in 1929 and has been outstanding at the sport ever since. Preacher, as he is called, will have to be remembered as one of the best infielders ever produced in Hondo and his experience and love of the game should prove a big asset to the Braves. He not only has the respect of Hondo fans but of all Highway 90 followers. Parsons' main worry is to find some mound talent and to field an adequate lineup until the college boys get home in June.

Harry Fillemann was appointed President of the Braves "front office," a position he has held for a number of years. Fillemann is to contact other past officers to fill the other posts needed to make the club business run smoothly.

Rebuilding Program
Parsons faces a rebuilding program with the Braves . . . a youth movement if you will. The first practice has been set for 2 p.m. this Sunday. These familiar names will not be found in the line-up this year: Parsons will be a bench manager . . . he will play only if eight men show up . . . the same can be said of Cliff Sadler . . . though he may have to take the mound until school is out. Nonnie Jennings is definitely retired. His exercise will be writing about the game. Bob Zerr has a bad heel from last season that "he says" will keep him from playing . . . and Hilmer Mueller has elbow chips that make s throwing painful. When he throws the chips in his elbow sound like someone mixing a cocktail!

Bright Prospects
However, things are not as bad as some problem. In June, the Braves' outlook will be considerably brighter for the college boys as they seem. Each club has the class of the League. Roy Meyer Glen Schweers should be the come home. Montie Williams and and Tommie "Goobar" Finger will add needed life and base hits too. The High School will furnish help too. Alvin Hartman, if he is not playing with Quini, will be in the lineup somewhere and will do some pitching. So will Richard Schulte. Jerry Muennink should be available and possibly Billy Neuman, and there could be others.

Veterans back will be Jim "Wild Shot" Rogers, H. Finger, Billy "Which position do I play today" Laughinghouse, Maurice "The Wrist" Zerr, James "Patience" Richter, Homer "Where's the Plate" Martine, Blanton "Blackie" Taylor and possibly more that have not been reached for comment.

Basketball Lettermen
Coach Tom Moseley announced his basketball lettermen this week, nine in all, with only one senior, James Ham, being listed: Johnny Windrow, Butch Woolls, Bobby Ward, Alvin Hartman, Ray Highsmith, George Gaston, James Ham, Jimmy Leazenby, Butch Smith and Mgr. Albert Vance. So it should be real good next year with all but Ham back plus three squadmen of Billy Potsoverich, Johnny Meyer and Bernie Zerr.

Windrow Captain
Johnny Windrow was honored by his teammates this week as he was elected basketball captain. Johnny is already a football Tri-Captain for next year and all of it couldn't happen to a better boy. The coaches, Hondo and District, have always been high on Windrow's ability . . . his ability to play, to take instructions, leadership qualities, etc. and when his teammates add their Amen, well, we all look for a banner year from him in his Senior year next season.

Senior "Most" Awards
This may not be sports but since this seems to be "awards" week, the Seniors came up with these awards (the brackets are my comments): Sandy Meyer, Most Beautiful (motion made and seconded by Jerry); Jerry Muennink, Most Handsome (swiftness afoot not entered into the voting here); Nelda Muennink, Most Popular Girl (because she is left handed); Pete Angermiller, Most Popular Boy (the coons, did not vote in this election); Frances Zerr, Best All-Around Girl (naturally, she worked for me last summer—she had to move fast—that is to be versatile); and Freddie Wright, Best All Around Boy (because he refuses to date girls).

Hondo Golf
A golf meeting for any and all interested golfers was held last week and a Golf Course Advisory Board was set up. Captain Bob Sizemore is the President; Bob Beard is Vice-President and Captain Earl Gwin is Secretary. Other Board members include two student officers (names unavailable), Jim Harrison, Bob Nations and Harry Haltman. This group will act as liaison between players, Joe Mitchell the Golf Pro in charge, and TAI.

A monthly fee of \$3.00 per family has been set up, therefore a man and his wife can play as much or as many times as he cares to on \$3.00 per month. Or, if you do not care to take a \$3.00 month card you can pay a 50c green fee and play all day (\$1.00 on Saturday and Sunday). Clubs and carts are available at the Clubhouse for rental. Refreshments can also be found at the Clubhouse.

Joe Mitchell, the newly hired golf pro is anxious to develop interest and abilities in the game of golf here in Hondo. He is especially interested in seeing some of the high school talent . . . to develop it . . . and then for the future, enter them in some tournaments! Sounds like a fine addition to Hondo.

Owl Baseball
The Owls are working out for baseball . . . into their second week now. Max Carver has charge of the baseballers and if his boys can play baseball to match their football talent he'll have a good year. Mr. Barry is loaded with other duties and finds it difficult to help out . . . but with a little warm weather . . . no doubt he'll be out giving the boys some tips on how the game should be played.

Whiskers Trim Hondo Flyboys Wednesday

The House of David basketball team won their exhibition game Wednesday night, playing a crack Hondo Air Base team and taking the long end of a 78-53 score.

Red Wilson, former Dartmouth basketball captain, scored 22 points for the Hondo Flyers, while All American Joe Mathis of the Davids got 26, and Moose Clark netted 21.

A benefit show sponsored by the Hondo Lions Club, the ticket sale grossed \$246, and the Lions Welfare Fund netted \$98.25 for charity work.

RESERVE CHAMPION in the medium weight Angus division at the Houston Stock Show was the ribbon given Beth Ann Roberson for her entry Wednesday. She displayed the same animal that was shown in the Medina county show, and was planning to enter in the open competition Thursday, March 1. The animal is shown here during the Medina county show, where she was awarded the reserve championship ribbon.

Beth Ann also exhibited a Hereford for her brother Johnny, and it placed 36th in a field of 180. Her Angus was in competition with 60 others, and came from the P. D. McAnelly herd.

HIGHLIGHTS AND SIDELIGHTS FROM THE STATE CAPITOL

AUSTIN — Texans will hear a lot about "interposition" during the next few months.

Gov. Allan Shivers has asked the Democratic State Executive Committee to consider placing on the July ballot a referendum on "interposition."

"Interposition" as it is being used in this case means "to stand between." And the Federal Government's interference with States Rights is what Governor Shivers refers to. He seeks to place the Texas Legislature between the people of Texas and the Federal Government in all its branches—Legislative, Executive and Judicial.

Shivers contends that certain rulings are beyond the power of the court. Therefore the referendum to be voted on in July would be a declaration by the people of Texas that US Supreme Court decisions on such matters as the Tidelands, integration and the Federal Power Commission's control over gas are inapplicable because they go beyond Federal jurisdiction.

If approved by the people, the referendum would be a mandate to the Legislature for them to vote for submission of a Federal constitutional amendment firming up and defining State Sovereignty.

While other states are using interposition in a negative fashion, Shivers plans to use it in a positive way to protect the state's rights. He is strongly opposed to the extension of power by the Federal Government at the expense of state and local governments.

"Interposition" will be an often used word during the coming months. People who do not like the idea say it is "nullification." Shivers contends he is opposed to nullification as being contrary to truly constitutional government.

VETERANS' LAND SALES will be courthouse news again in Austin, come March 6. That's when the trial scheduled for B. R. Sheffield, Brady land promoter and one-time business associate of former Land Commissioner Bascom Giles, will be held.

Sheffield has summoned 131 witnesses, including Governor Shivers, Atty. Gen. John Ben Shepperd, and Land Commissioner J. Earl Rudder. Also John Osorio, aide to Shivers; Robert S. Trotti, former first assistant attorney general; and Homer Garrison, director of public safety.

Sheffield is charged with theft of state funds in connection with a Kinney County land deal.

TEXAS POLITICS heated up ahead of season when Governor Shivers announced that he might run for a fourth term. It is the closest he has come to saying "yes." This news quickly eclipsed an earlier statement by Sen. Jimmy Phillips of Angleton that he was withdrawing from the race for governor for lack of campaign funds. A later announcement by Shivers was that he would reveal his political plans for 1956 on March 1.

U. S. Sen. Price Daniel said that Shivers' decision, which ever way it went, would in no way affect his own decision about becoming a gubernatorial candidate. His announcement awaits disposal of farm legislation now pending in Congress, and is expected by mid-March.

MORRIS BROWNLEE of Houston is replacing Garland Smith on the insurance commission. Until a few weeks ago Brownlee was executive vice-president of Continental American Life Insurance Co. of Houston.

J. Byron Saunders, chairman of the insurance commission, reports that one of the largest insurance firms, Lloyds of London, has agreed to pay the state an estimated \$1,500,000 in premium taxes. Although not admitted to do business directly in Texas, Lloyds writes surplus insurance where amounts involved are too big for any admitted company to handle alone. Bills to tax such surplus insurance have repeatedly failed to pass the legislature.

Two mutual companies were placed in receivership after their permits were revoked by the insurance commission. They were

STATE AUDITOR C. H. CAVNESS reports errors and irregularities in the records of Texas Southern University at Houston. TSU is a state-supported college for negroes.

Cavness said there was a shortage of more than \$5,000 in the bookstore inventory which "may or may not" be connected with a \$2,976 overage in the general storeroom inventory.

"Texas Southern is among the most crowded of Texas' state-supported institutions of higher learning," according to the auditor's report. He said he did not believe the staff was adequate to keep proper records.

RESIGNATION of Federal Attorney Lanny F. Zweiner to join the state attorney general's staff leaves Austin without a federal prosecutor. U. S. Dist. Atty. Russell Wine of San Antonio said Zweiner would not be replaced.

APPEAL of the Upshur Co. Rural Electric Cooperative, from a Travis Co. court decision in favor of the state "on relation of Southwestern Gas & Electric Co.," was argued in Third Civil Appeals Court. Former Gov. Dan Moody was among counsel for the cooperative. Spokesmen for the co-op said the trial decision, unless reversed, would destroy all electric cooperatives.

At issue was the right of the Upshur County co-op to continue serving customers taken into the city of Gilmer by annexation. A controversial point is application of the law that co-ops may not serve rural customers where private utilities have facilities available to furnish the service.

FOUNDATION WORK FOR THE NEW REA building on the west side of Hondo is now underway. Delivering a load of ready-mix concrete is one of the Alamo Lumber Company's new mixer trucks. In the planning stages for about twelve months, Alamo has been installing ready-mix plants in numerous yards recently. They have plants in Jourdanon, Floresville, and Kenedy, and will install more as time goes on. For big pours, according to Henry Flory, local manager, trucks from other yards can be called in to place up to seven delivery units on a job simultaneously. The new home for the Medina Electric Cooperative is the first assignment for Alamo.
